**Cristian Fernandez**

has successfully completed the online, non-credit Specialization

# Scrum Master Certification

In this specialization, you'll learn about managing tasks and events within a Sprint, Scrum terminology and roles, Scrum reporting, and managing risks. We'll discuss Story Points and User Stories, scaling Scrum, Continuous Integration, test-Driven Development (TDD), and Behavior Driven Development (BDD).

Jim Sullivan  
Master Trainer and  
Technology Practitioner

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
